Commitment Inspiration

***Writing your own unique and romantic commitments can seem a little bit daunting. I've pulled together a few examples of some of my favourite phrases, so that you can take inspiration from some of these examples below; from traditional, to funny, to tear-jerking!***

***Hopefully they will help inspire you to create your own from these building blocks.***

- 1.** Today, I promise you this: I will laugh with you in times of joy, and comfort you in times of sorrow. I will share in your dreams and support you as you strive to achieve your goals. I will listen to you with compassion and understanding, and speak to you with encouragement. Together, let us build a home filled with learning, laughter and light, shared freely with all who may live there. Let us be partners, friends and lovers, today and all of the days that follow.
- 2.** I take you as you are, loving who you are now and who you are yet to become. I promise to listen to you and learn from you, to support you and accept your support. I will celebrate your triumphs and mourn your losses as though they were my own. I will love you and have faith in your love for me, through all our years and all that life may bring us.
- 3.** You are my best friend. I love you with all my heart and stand here before all of our friends and family, sharing the happiest day of my life. I want nothing more than to share my future with you, my triumphs and my challenges, my joys and my sorrows. Together, I know we can accomplish the life we both dream of living.
- 4.** I promise to remember that neither one of us is perfect. But strive to remind myself of the ways that we are perfect for each other.

- 11.** I feel like everything in my life has led me to you. My choices, my heartbreaks, my regrets. Everything. When we're together, I know my past has been worth it. Because if I had done one thing differently, I might never have met you.
- 12.** Love isn't perfect. It's not a fairytale or a storybook, and it doesn't always come easy. Love is overcoming obstacles, facing challenges, fighting to be together, holding on and never letting go. It is a short word, easy to spell, difficult to define, and impossible to live without. Love is work, but most of all, love is realizing that every hour, every minute, every second of it was worth it because we did it together.
- 13.** You are the one I want to binge watch Netflix with forever. I promise not to watch the next episode without you.
- 14.** I can't promise you that dark clouds will never hover over our lives, or that the future will bring us many rainbows. I can't promise you that tomorrow will be perfect or that life will be easy. I can promise you my everlasting devotion, my loyalty, my respect, and my unconditional love for a lifetime.
