CELEBRANT

Joyful, unique, happy-tear-filled ceremonies

“

Working with Vikki meant we got to relive the early days of our relationship, and put every memory, song and poem that we found to be so special into our Wedding Day. We've since had many compliments on the ceremony, and how it was so unique and a one-of-a-kind adventure. Vikki truly is a woman of many talents, and we can't thank her enough!

HI THERE...

I'm Vikki, and I'm a super friendly, bubbly, charismatic (and modest) Modern Celebrant based in Lancashire.

I've always had a passion for people and story-telling, and your ceremony should never be 'the boring bit', it should be the brilliant bit - after all, it's the biggest part of your big day. With this philosophy in mind, I will put the 'you' into your wedding and ensure that your ceremony is as unique as you are, and a true reflection of yourselves. Every person there will know just what makes the two of you tick by telling your story exactly how you want it to be told.

With a background in marketing, hospitality and global event delivery, I am adept at creating and delivering a spectacular show, and my professionalism is an asset to any wedding or celebration. I am based in Lancashire, but able to act as a celebrant for you anywhere in the North West, be that Manchester, Lancashire or beyond. I can even hop over the border into Yorkshire.

I'd love to get to know you and discuss how I can help you create your dream ceremony.

Why Your Ceremony Will Be Special

It's All About You

No two couples are the same, so why should your wedding be? I will get to know you both and write a personal ceremony that tells your story in your way. A wedding should be about people and not process, after all! I will put the YOU into your wedding.

Attention To Detail

By the time it gets to the wedding, I'll know everything there is to know, from the names of everyone in the wedding party to what songs you are playing and why. I can help you to navigate what all your options are, including some you might not even know exist.

Endless Choice

There's no limitation on content, and total flexibility on when and where you have it. So if you want a modern, traditional or funny ceremony (or a combination of all of these) then get in touch - I'd love to help shape your perfect day.

Your Day

It's all about timing - your ceremony can be just as you want it to be, which means that not only do you not need to rush, you also have complete freedom over the time of day, be that sunrise, sunset or anywhere in between! I only have one ceremony a day so you aren't being rushed, either.

Truly Bespoke

I am here to give you ideas and inspiration for your wedding ceremony. The choices are endless, and they are all yours, so you can curate your perfect day.

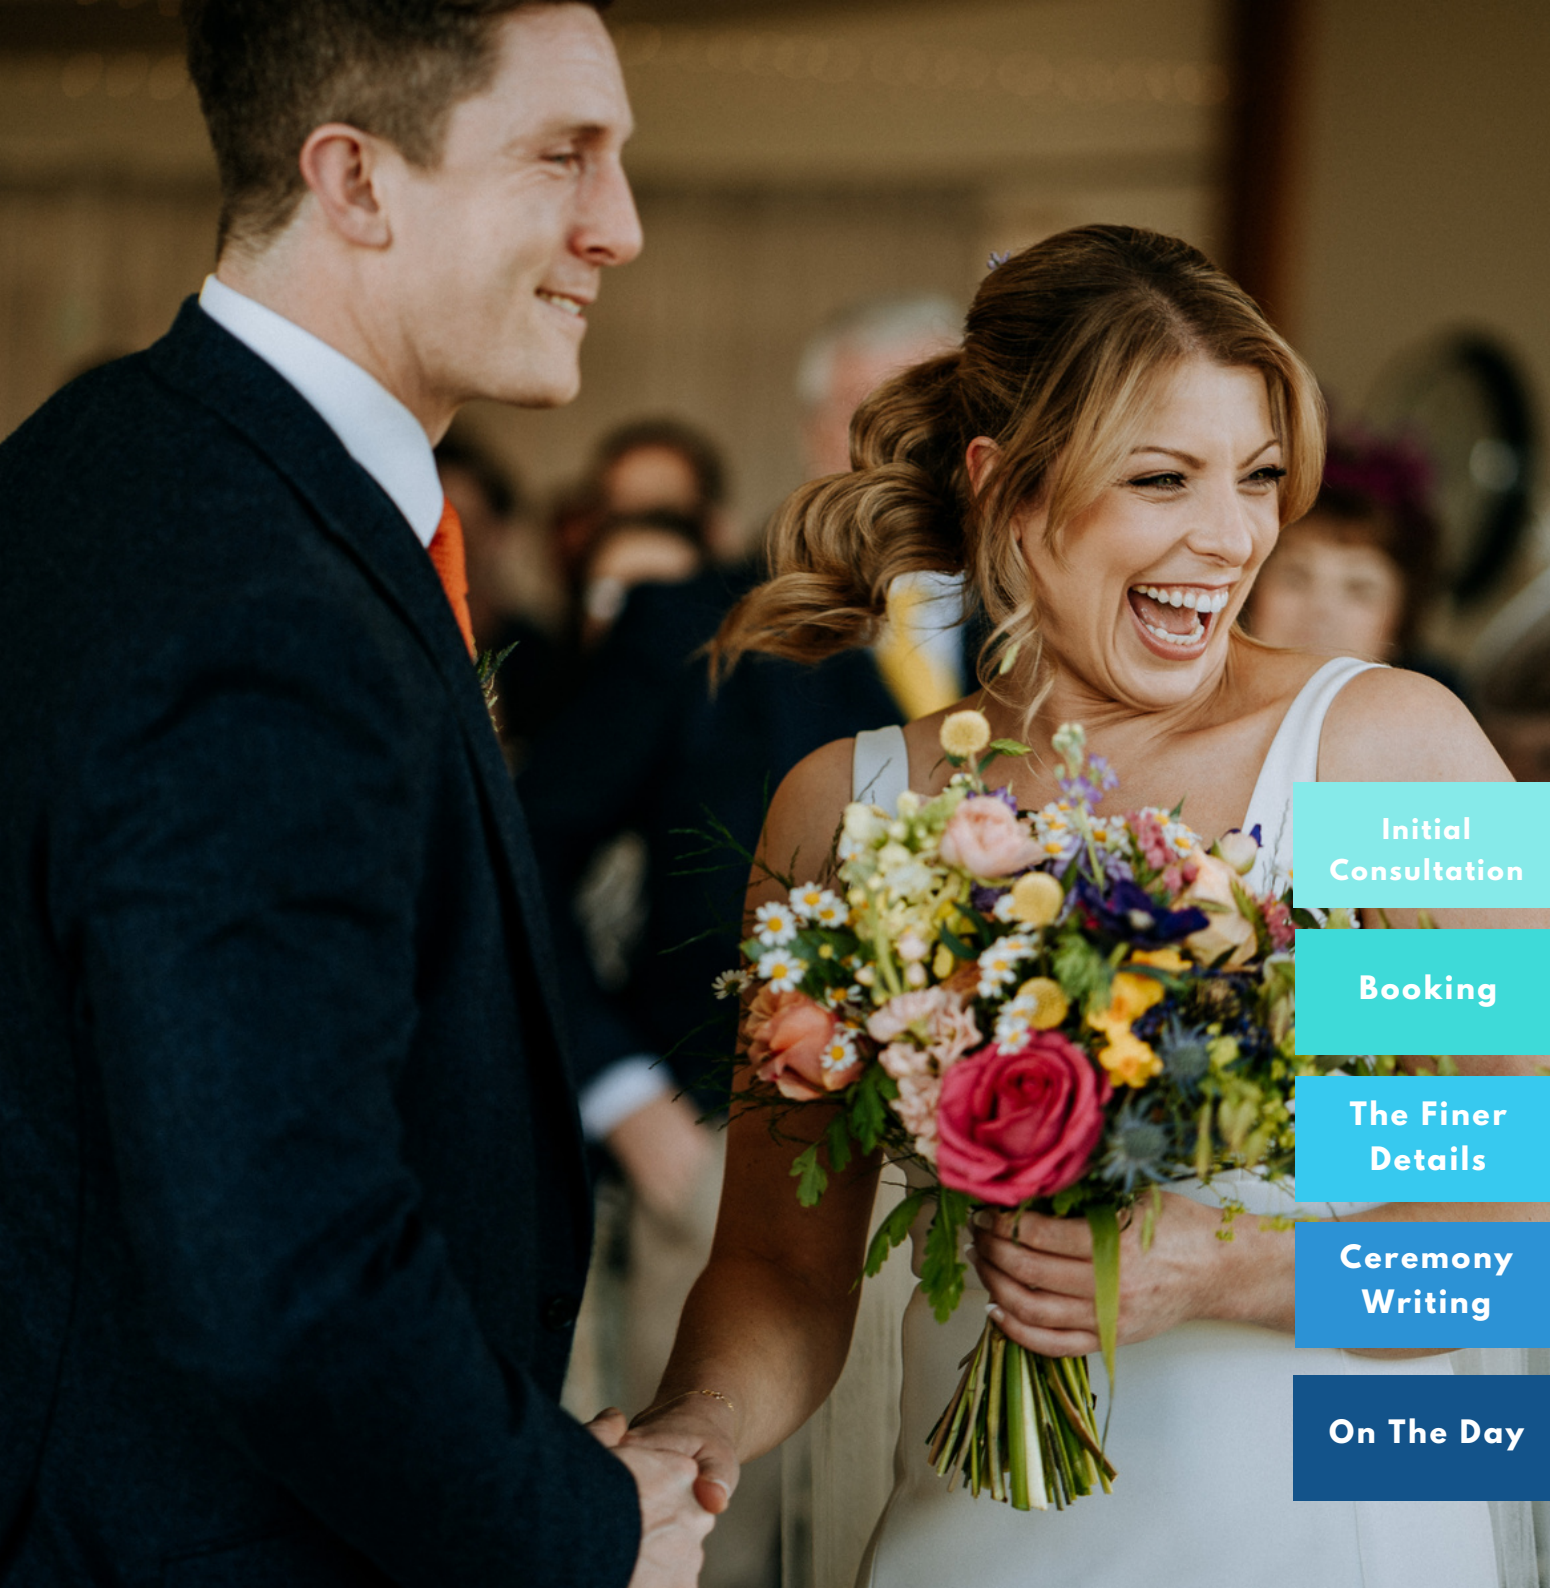

How do we complete the legal part of getting married?

Many couples book a simple ceremony at their local Registry Office in the week prior to their wedding ceremony (but this can be done at any time). They take two witnesses with them and complete the minimum legal requirements of their marriage. It's a bit like a trip to a solicitor or when you go to register a birth or death. This costs approximately £60 and is usually available on a specific morning each week, so it is advisable to book well in advance to secure your slot. Before you do this you will also need to give notice, at least 4 weeks before you want to complete the paperwork. This is where you sign a legal statement at your local Registry Office to say you intend to get married or form a civil partnership. You must hold your ceremony within 12 months of 'giving notice'. You need to give notice even if you are being married by a registrar at a venue and not using a celebrant. Many people don't realise that this is an option and that you don't have to say vows or exchange rings at the Registry Office.

Will our guests know our ceremony is not legally binding?

It is up to you what you tell your guests. A celebrant ceremony is a real and very beautiful wedding ceremony, where couples declare their love and commitment to each other in front of their family and friends. You may also choose to include a certificate signing or a whole host of other symbolic additions. Many couples choose to not tell their guests that it is not a legal ceremony and their guests are none the wiser, in fact regularly guests say after the ceremony that it was much more personalised and beautiful than other weddings they've been to!

From the minute we met Vikki her enthusiasm for weddings, couples and people in general had us convinced. We had some different cultural items we wanted to be included and Vikki took the time to understand these and incorporate them seamlessly into the ceremony. She will make your day joyous!
